Re: First Office Action - U.S. Patent Application No. 18/742,615

Dear Ms. Voss:

We write on August 4, 2026 to forward the first Office Action issued by the United States Patent and Trademark Office on July 21, 2026 in U.S. Patent Application No. 18/742,615, filed in the name of Helixora Materials, Inc.

The Office Action raises substantive objections to the pending claims. We are reviewing the examiner's comments and can prepare a focused response once we receive your instructions. A copy of the Office Action accompanies this letter.

The response is due on October 21, 2026. Extensions may be available on payment of the applicable fees, but we recommend filing by the stated deadline.

Please send us your instructions by September 30, 2026 so that we have sufficient time to prepare and review the response.

Sincerely,

Marcus Reed
